

JumpBasic::buildAddresses

JumpBasic::buildLabels

JumpValuesRange::next

```
graph LR; A[JumpBasic::buildAddresses] --> C[JumpValuesRange::next]; B[JumpBasic::buildLabels] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'JumpBasic::buildAddresses' and the bottom box contains 'JumpBasic::buildLabels'. Both boxes have a black border and a white background. On the right, there is a single box containing the text 'JumpValuesRange::next'. This box also has a black border but has a light gray fill. Two blue arrows point from the right side of the left boxes to the left side of the right box. The top arrow originates from the bottom-right corner of the 'JumpBasic::buildAddresses' box, and the bottom arrow originates from the top-right corner of the 'JumpBasic::buildLabels' box.
