

OpBehavior

```
graph BT; OpBehaviorIntRight --> OpBehavior
```

A UML class diagram showing an inheritance relationship. The class 'OpBehavior' is at the top, represented by a white rectangle with a black border. The class 'OpBehaviorIntRight' is at the bottom, represented by a gray rectangle with a black border. A blue arrow points from the top of 'OpBehaviorIntRight' to the bottom of 'OpBehavior', indicating that 'OpBehaviorIntRight' inherits from 'OpBehavior'.

OpBehaviorIntRight
