

BreakCallback

```
graph BT; PutsCallback --> BreakCallback
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray rectangular box labeled 'PutsCallback'. A vertical blue line with an upward-pointing arrowhead connects the top center of the 'PutsCallback' box to the bottom center of the 'BreakCallback' box. The 'BreakCallback' box is white with a black border and is positioned directly above the 'PutsCallback' box.
